

Project Report:

CREDO EMPOWERMENT CENTER

Our empowerment project aims to improve quality of life. It focuses on processes that enable participation, enhance control through shared decision making, and create opportunities to learn, practice, and increase skills. A niche strategy which is viable so we can identify a part of the market which can be captured through a more focused solution than anything currently available. A new market or an existing market is addressed by mapping the skill gap and addressing the demand versus supply shortage within a local community. When youth participate in established empowerment programs they see a variety of benefits, like:

- *Youth are able to explore various roles and identities, promoting self-determination.*
- *Youth participate in a variety of teamwork and networking experiences.*
- *Youth develop ethical values and reasoning skills focusing on individual strength.*
- *Youth demonstrate the ability to set goals and develop a plan.*
- *Youth participate in varied activities that encourage the development of self-determination.*

MISSION

SWABHIMAAN

BHARAT:

We are focusing on building skill sets to create micro- entrepreneurs who will get training to improve one's capability, capacity, productivity and performance to maintain, upgrade and update skills throughout working life. We will introduce learning programmes that will provide, combined content of specific skills training in a short period of time. This will give a more hands-on experience within their field of interest. In a manner that is productive and constructive, recognizes, utilizes, and enhances people's strengths; and promotes positive outcomes for people by providing opportunities, fostering positive relationships, and furnishing the support needed to build on their leadership strengths. Benefits of such courses will be:

Vision: Shashakt Bharat

An empowered Nation, for the people, by the people with the people.

Gitanjali 35

BY RABINDRANATH TAGORE

Nobel Laureate Rabindra Nath Tagore had the vision of the predicament that the Nation is facing even in the 21st century. Let's rise above all pettiness and live by mission Swabhimaan!

"Where the mind is without fear and the head is held high;

Where knowledge is free;

Where the world has not been broken up into fragments by narrow domestic walls;

Where words come out from the depth of truth;

Where tireless striving stretches its arms towards perfection;

Where the clear stream of reason has not lost its way into the dreary desert sand of dead habit;

Where the mind is led forward by thee into ever-widening thought and action.

Into that heaven of freedom, my Father, let my country awake."

- *Providing more people with job opportunities.*
- *Promote healthy life style& hygiene practices.*
- *Participate in service to the nation, to the community & to the family.*
- *Promote positive outcomes.*
- *Promote social, emotional, behavioural, and moral competence.*
- *Promote empowerment.*
- *Growth mind-set.*
- *Positive education.*

Objectives: Kushal Rastra

- Generating community based opportunities in employment and micro entrepreneurship across the cross section of the society irrespective of religion, caste, creed or sex.
- Deploy the able bodied population through strategic training into immediate economic activities through high demand localized goods and services within a 3 to 4 months turn around cycle.
- Set up pan India vocational training, micro entrepreneurship projects and empowerment centres of excellence.

Roll out Protocol:

(1) The Brick & Mortar Infrastructure

- Set up multi talent vocational training & empowerment centres across the Nation.
- At 718 District of India: set up 2 satellite centres catering to Rural and Urban population.
- At 36 Capital cities (including Union Territories) of Indian states set up a Central hub of excellence.

(2) The Cloud Infrastructure

- Online education, content and data management.
- Back office processing and support

(3) Partnering & Market linkages

- With local housing societies, cooperatives and townships who will benefit from the goods and services offered by each centre.
- With local businesses who will link the goods and services with their network of clients.
- With third party e-commerce platforms to promote and position the centres amongst the target client population.

(4) Funding the Capital cost of each project:

Crowd fund the localized centres from within the community and from structured entities i.e.:

- Corporate bodies,
- Public Sector Undertakings,
- Foundations,
- Trusts,
- Societies and
- Individual donors.

(5) Funding the Operation cost plans:

Set up a minimalistic fee structure that picks up the cost of remuneration of the tutors, utilities, manpower and operational consumables.

Have free of charges visiting faculty to '*train the trainers*' to complement, audit and upgrade each centre.

Initial Locations:

- Dhapa, Kolkata
- Diamond Harbour, West Bengal.
- Paikpara, Kolkata

SOCIAL PROJECT THAT WE INTEND

TO ROLL OUT AT OUR DHAPPA CENTER:

1. COMPUTER LAB: Training & Services

- ✓ *Training in Graphic Designing*
- ✓ *Training in Accounting*
- ✓ *Training in Data Entry*
- ✓ *Training in Basic Computing*
- ✓ *Maximum placement facility*
- ✓ *Connect with companies*
- ✓ *Perform numerous other basic and essential assignments*
- ✓ *Certificates will be issued*

Computer literacy is an important skill in itself. However, simple computer knowledge, although enables a person to access information from World Wide Web, but may not be sufficient to create enough employable opportunities. Assessing the gap in the society where small traders find it overwhelming to navigate the tax structures and accounting compliances, especially considering the cost of a full time GST consultant or an accountant, CREDO will empower youth having working knowledge of basic accounting, i.e. class 12 standard knowledge, who shall be trained to become 'Tally' and 'GST' compliant data entry operators - catering to small businesses within the community. Similarly, the youth, having artistic inclination, shall be provided with graphic designing skills and e-commerce skills in order to help small traders to reach out to new customers using several available online platforms.

- ✓ *Driving training under professional supervision*
- ✓ *Car and a commercial vehicle for hands on training*

Lack of safe driving attitude, failure to obey traffic laws, bad judgement, lack of driving knowledge and failure to maintain the vehicle are the characteristics of an uncertified driver. Identifying the gap in the society to secure well cultured, trained drivers from the local community in order to replace out of state drivers will save costs for the employers while securing jobs for the local residents. Our training & service centre will provide with certified and professional drivers who follow traffic rules, are courteous to other drivers, are optimistic and are capable of handling situations or their employers, diplomatically. Here, we are introducing India's First Car Simulator set-up for better and efficient hands-on training of the drivers, which will also benefit by minimising the risk of accident on roads. One of the most important qualities of a good driver is that he or she should be skilled enough to handle any situation, it requires knowing how to apply the rules of the road which ensures safety and also has an intuitive understanding of the basics of vehicle handling and can drive responsibly.

- ✓ *Modern household management*
- ✓ *Professional learning and teaching*
- ✓ *Bedroom Management*
- ✓ *Vacuum Cleaning and Dusting*
- ✓ *Cleaning Services*
- ✓ *Knowledge about cleaning essentials*
- ✓ *Serving and Manners*

Everyone has different ideas of how and to what extent things should be cleaned in their houses. Leaving your household cleaning to a housekeeper, in some senses, mean relinquishing a portion of your control of how things will be done. A detailed list of what needs to be done and on what time schedule will help reduce the disappointment you may have when a housekeeper does not tend house in the same way you would. The idea of having a housekeeping service sounds like a time-saving dream. Housekeeping services are only as good as the effort you personally put in to finding, securing and maintaining that relationship. It starts with knowing your expectations, doing your research and staying involved with the housekeeping personnel. Since housekeeping is more than just tidying up, having a service to regularly mop, vacuum, dust and scrub is a great way to reduce the household time demands you may face. In addition, when there are special events or unusual messes to deal with, a housekeeping service can be available to save preparation and clean-up time. CREDO housekeepers will be trained in offering Night bed services at par with star rated hotels, professional laundry services, table setting and sanitization services.

6. AMBULANCE & FOOD TRUCK: Training & Services

- ✓ *Driver practical training*
- ✓ *Emergency services*
- ✓ *Food delivery services*

Emergency ambulances are highly likely to be involved in hazardous situations, including incidents such as a road traffic collision, as these emergencies create people who are likely to be in need of treatment. They are required to gain access to patients as quickly as possible. CREDO will provide with an ambulance these types of ambulances are primarily used for Basic Life Support (BLS) and transfer of patients.

Food trucks are subject to the same range of concerns as other foodservice businesses. There are a variety of permits to obtain and a health code to observe. Labour and fuel costs are a significant part of the overhead. We will arrange for a large motorized vehicle (such as a van) or trailer, equipped to cook, prepare, serve, and/or sell food. Food trucks, along with portable food booths and food carts, are on the front line of the street food industry that serves an estimated 2.5 billion people every day. CREDO food trucks and Ambulances will serve the local community.
